TECHNICAL SKILLS

Programming: Python, SQL, Rust

Cloud & Infra: Azure, Azure AI, Docker, CI/CD

AI Engineering: Machine Learning, Deep Learning, LLM/RAG Systems, MLOps

IT & Networks: System Admin, TCP/IP, Hardware Troubleshooting

CAREER JOURNEY

CEO & Founder — Britannia AI Elites

Present | London, UK

Leading a visionary team to deliver state-of-the-art AI solutions, autonomous agent ecosystems, and enterprise transformations.

AI Engineer & Backend Developer — British AI Agency

2022 - Present | London, UK

Developing advanced AI solutions, robust backend architectures, and intelligent system integrations.

Software Developer & Web Designer — Freelance

2019 - 2022 | London, UK

Delivered project-based custom software development and modern web design solutions for diverse clients.

Network Engineer & IT Support — London Net Ltd

2013 - 2019 | London, UK

Managed networking infrastructure, A+ hardware troubleshooting, and overall IT system maintenance.

IT Advisor & AutoCad Designer — Iranian Oil and Gas Refinery

2006 - 2012 | Iran

Provided IT infrastructure advising, network engineering (MCSE 2003), and specialized AutoCAD design.

PUBLICATIONS

30 Python example codes (Beginner)

Packed with 100+ real-world Python examples designed to help readers master the basics of programming.

AI for Everyone

A friendly guide to learning, working, and living smarter with AI using ChatGPT and generative tools.

Python University

A comprehensive guide designed to take readers on an immersive journey from syntax to OOP and web scraping.

EDUCATION & DEGREES

Bachelor in Computer Engineering (Hardware) — University of Kashan

2010 | Iran

Machine Learning Engineering — University of London

Completed | UK

Computer Programming — University of London

Completed | UK
